Walk Through Metal Detector
ZK-D2180 (Standard: 18 Zones)

People and alarm counting

3.5" LCD display

18 detection zones

Harmless to human body

Each detection zone has 256 adjustable sensitivity levels

Fire-retardant materials

Excellent anti-interference

Water-proof bottom
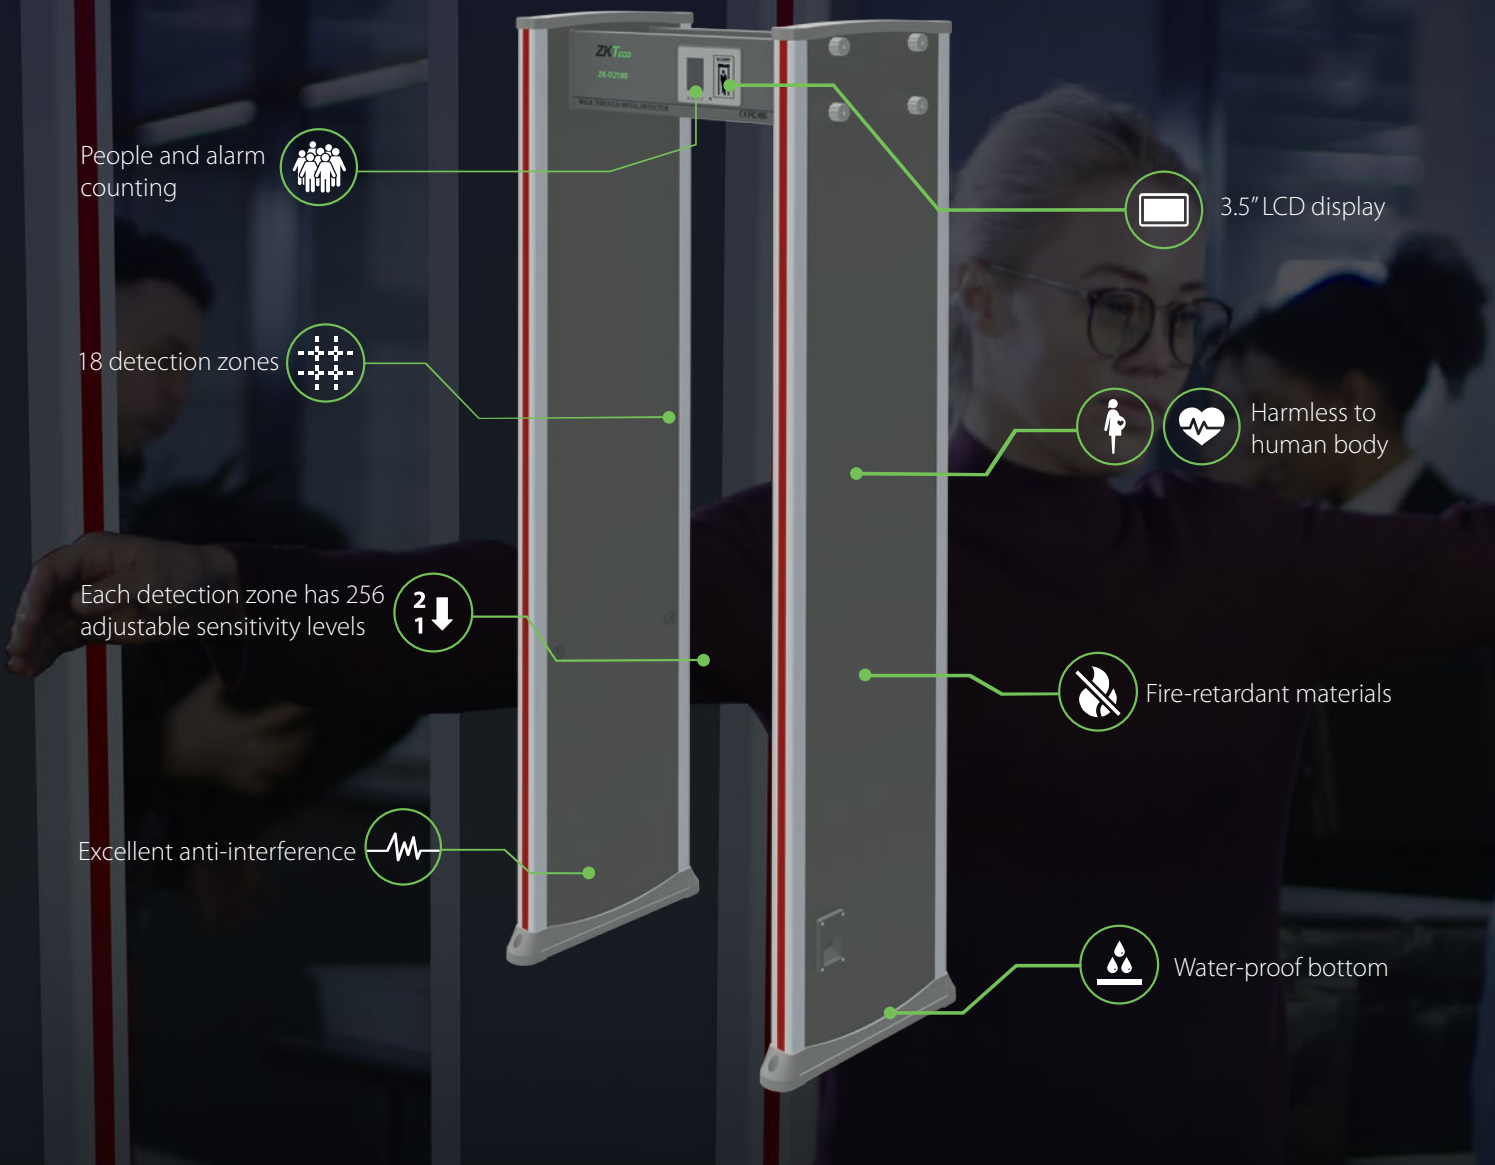

Applications

Exhibition center

Government office

Electronic factory

Prison

Finance

Hotel

- 18 detection zones
- 256 sensitivity levels
- 3.5" LCD display
- People and alarm counting
- Synchronous sound & LED alarm
- TCP/IP communication

- Remote control
- Linkage with turnstile
- Support to connect with app

Specification

Power Supply	AC 100V to 240V
Working Temperature	-20℃ to 55℃
Working Humidity	<95% (non-condensing)
Working Frequency	5.7KHz to 9.6KHz
Input Voltage	DC12V
Working Current	1.5A
Running Power	18W
Alarm Volume	85dB
Dimension (H*W*L)	2226 * 844 * 579 (mm)
Dimension with Packing (H*W*L)	2280 * 282 * 660 (mm)
Weight with Packing	50kg

Dimensions (mm)

2226

844

579
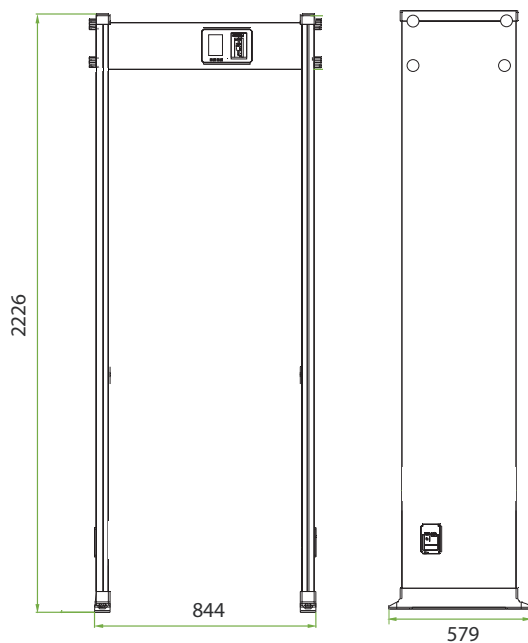

Applicable Scenarios

Locations with high people flow

Schools

Shopping malls

Entertainment venues
