

Walk Through Metal Detector

ZK-D3180 (Standard: 18 Zones)

Count statistics of alarms and people

7" LCD display

18 detection zones

Password protection

Harmless to human body

500 adjustable sensitivity levels

Synchronous sound & LED alarm

Fireproof material

Excellent anti-interference

Water-proof bottom

Applications

Exhibition center

Government office

Electronic factory

Prison

Finance

Hotel

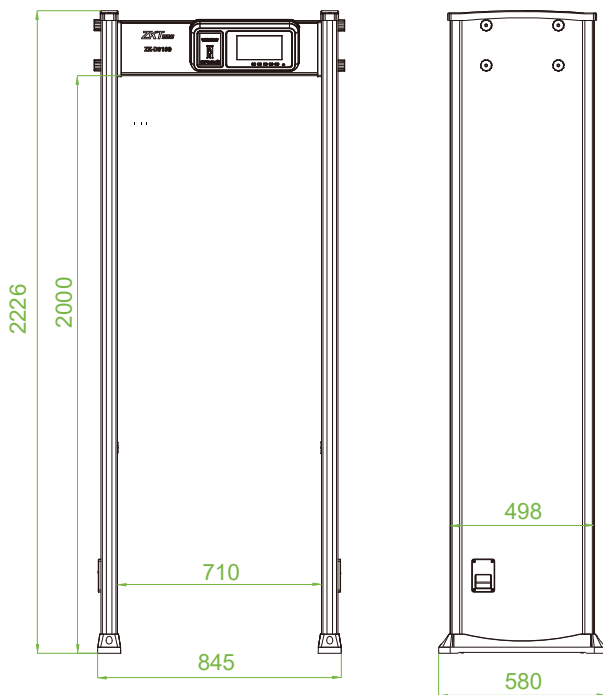

- 18 detection zones
- 500 sensitivity levels
- 7" LCD display
- Separate counting in and out
- TCP/IP communication

- Gate linkage
- Support App
- Simple installation and use
- Synchronous sound & LED alarm

Specifications

| | |
|--|---------------------------|
| Power Supply | AC100V to 240V (DC12V/3A) |
| Working Temperature | -20°C to 55°C |
| Working Humidity | <95% (non-condensing) |
| Working Frequency | 5.7KHz to 9.6KHz |
| Input Voltage | DC12V |
| Working Current | 1.2A |
| Running Power | 14W |
| Dimension (L*W*H) | 2226*845*580 (mm) |
| Lane Size (L*W*H) | 2000*710*498 (mm) |
| Dimensions of Product with Packaging (L*W*H) | 2280*347*660 (mm) |
| Weight with Packing | 52kg |

Dimensions (mm)

Applicable Scenarios

Locations with high people flow

Schools

Shopping malls

Entertainment venues
